PROFESSIONAL SUMMARY

I am a BCA student with a strong interest in frontend web development and currently learning React.js. I have good knowledge of HTML, CSS, and JavaScript and enjoy building responsive and user-friendly web interfaces. Through my projects, I have gained hands-on experience in creating UI layouts, writing JavaScript logic, and integrating APIs. I like learning new technologies and improving my skills by working on real projects. My goal is to grow as a developer and become a MERN Stack developer in the future.
